Subject: Vote yes on proposal for long term funding for Outdoor Education

Hi,

I am a John Muir parent, PTA board member, San Bruno resident, Outdoor Ed enthusiast, and I encourage you to vote yes!

Thank you,

Colleen Lindsey

Subject: Vote Yes on Outdoor Education Endowment

Hi

I am a parent of two children at John Muir Elementary. Both my husband and I volunteer for yard duty, we frequently volunteer in the classrooms, and for the PTA. I also sat on the school site council.

As active community members, we are big supporters of the outdoor education endowment, and encourage you to vote yes!

Best
Shae

Subject: In Support of Agenda Item 2: Long Term Funding to Support Outdoor Education

Hello,

I'm emailing to voice my enthusiastic support in favor of Agenda Item 2 for tonight's meeting: the Long Term Funding to Support Outdoor Education. As a former 5th grade fundraising committee member at John Muir, I know firsthand the difficulties and obstacles entailed in trying to raise funds to subsidize the outdoor education fee for all of our 5th graders. I can't think of a better way for the SBCF to utilize funds than to provide long term funding support for this program. My husband attending outdoor education in San Mateo County as a child and to this day still has wonderful memories of his experiences there. My older daughter had an amazing time and learned so much and made new friends. It will certainly be a core memory etched in her childhood experiences forever. I have a younger daughter who will be a fifth grader next year and will attend Outdoor Ed. All of that said, I whole heartedly hope that the Foundation will move forward with this long term funding in the hopes of making this unique and wonderful experience one that all of the 5th graders in our district can enjoy and take part in each year.

Thanks for your time,
Christine Crocker

Subject: Item 7A - February 4 - Outdoor Ed

Good morning Leslie and SBCF Board,

This correspondence serves as a public comment for the outdoor ed item being heard before you tonight. Andrew and I are in full support of the commitment of funds for outdoor education access. We ask that:

- (1) The SBCF Board approve this item and commit the funds to establish an endowment to be used by children attending outdoor ed through the SBPSD; and
- (2) That those funds be accessible to students as early as this year where costs can still be mitigated, i.e. transportation.

Thank you to the leadership of the San Bruno Education Foundation, especially Heather Latta, for advancing this initiative; for their years of unwavering support of our public schools; and for doing it all as volunteers. Additionally, thank you to the San Bruno Park School District leadership team for continuously showing up to advocate for our children in ways that are truly impactful.

Best regards,
Andrew and Linda Mason
